

# LKS2 Learning for Life Curriculum Plan - Summer Term

## Science

### Plants

In this topic, we will identify and describe the functions of different parts of flowering plants. We will also learn about what a plant needs for growth and to stay healthy. As part of this topic, we will be examining how water is transported within plants and the life cycle of flowering plants.

### Forces and Magnets

We will be comparing how things move on different surfaces according to forces acting upon them. This topic will lead us to observe how magnets attract or repel and we will compare and group together materials based on whether that are attracted to a magnet.

## English

### 'The Miraculous Journey of Edward Tulane' by Kate DiCamillo

This beautiful book will be used as a class novel and a range of writing opportunities will be explored.

### Robin Hood

Linking with our Topic lessons, we will be looking at the legend of Robin Hood and creating our own playscripts.

### Sustainability

A unit of work introducing the children to difficult questions around looking after our planet and the effects and consequences of our actions. This will culminate in the creation of an informative leaflet.

30

## Mathematics

**Year 3** – Fractions, Money, Time, Shape, Statistics, Consolidation and Assessment.

**Year 4** – Decimals, Money, Time, Shape, Statistics, Position and Direction, consolidation and Assessment.

28, 29

## Computing

### Email

The children will learn about how to communicate with each other safely using an email simulation programme on Purple Mash.

### Coding

Using flow charts, repeat commands and timers, the children will create an interactive scene.

## RE

### Spiritual Expression

The children will be looking at examples of spiritual expression and belief through examples of art, music and objects.

### Religion, Family & Community

The children will study different faiths and their approaches to worship, celebration and ways of living.

## Art / DT

### Georgia O'Keeffe

The children will study some of the works of this fabulous artist, explored through a range of media.

### Bridges

Using our learning about Bennerley Viaduct, we will be constructing and testing our own bridges.

### Upcycle Fabrics

We will be creating something new out of something old!

Ready, Respectful, Safe

## History / Geography

### Local history

In this unit, we will be finding about the area in which we live, focusing on Nottingham, and more locally, Bennerley Viaduct.

### Sustainability

Children will learn about how we must interact with the environment in a way that ensures there will be enough resources left for future generations.

32, 36 & 40

## PE

### Striking and Fielding Games

The children will learn the rules of and play different versions of the traditional rounders game.

### Athletics

Incorporating our Summer sports programme, the children will be running and jumping and learning strategies to improve their performance. We will also show off our skills and speed on our Sports' Day, and, for some children, participation at the District Sports competition.

24, 31

## Music

- Charanga unit - Glockenspiel
- Charanga unit – Reflect, Rewind and Replay

## Events

- Year 4 Multiplication Tables Check between 3<sup>rd</sup> – 14<sup>th</sup> June
- Visit to Bennerley Viaduct – 13<sup>th</sup> June
- Sports Day – 24<sup>th</sup> June
- Castleton residential – 26<sup>th</sup> – 28<sup>th</sup> June

## PSHE

- Living in the Wider World – Diversity, Economic Awareness
- Health & Wellbeing – First Aid
- Growing and Changing

27, 31

## Languages - Spanish

- Words in a familiar story
- Simple sentences
- Classroom objects and instructions
- Alphabet
